The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as the front office, examination room, etc. Those records will not be available to persons other than office staff. You agree to the normal procedure utilized within the office for the handling of charts, patient records, PHI and other documents or information.
2. It is the policy of this office to remind patients of their appointments. We may do this by telephone, e-mail, U.S.mail, or by any means convenient for the practice and/or as requested by you. We may send you other communications information you of changes to office policy and new technology that you might find valuable or informative.
3. The practice utilizes a number of vendors in the conduct of business. These vendors may have access to PHI but must agree to abide by the confidentiality rules of HIPAA.
4. You understand and agree to inspections of the office and review of documents which may include PHI by government agencies or insurance payers in normal performance of their duties.

5. You agree to bring any concerns or complaints regarding privacy to the attention of the office manager or the doctor.

6. Your confidential information will not be used for the purposes of marketing or advertising of products, goods or services.

7. We agree to provide patients with access to their records in accordance with state and federal laws.

8. We may change, add, delete or modify any of these provisions to better serve the needs of both, the practice and patients.

9. You have the right to request restrictions in the use of your protected health information and to request change in certain policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to your request.
